About the Business:

EXCLUSIVE PS2 TYRE FLUID™ MANUFACTURING & DISTRIBUTION LICENCES FOR SALE

An exciting opportunity is available to acquire exclusive manufacturing and marketing rights for PS2 Tyre Fluid™, a specialised tyre pressure stabilising product held under the exclusive formula rights of Petrocor International.

PS2 Tyre Fluid™ is formulated to help stabilise tyre pressure and address common tyre-related challenges, including punctures and slow leaks. The product is particularly suited to heavy-duty applications, including truck and Off-The-Road (OTR) tyres.

Fleet operators often face challenges maintaining correct tyre pressures due to demanding operational schedules, personnel constraints and ongoing maintenance requirements. PS2 Tyre Fluid™ offers a potential solution to assist fleet owners in addressing these challenges.

The manufacturing process is described as simple and effective, with attractive potential profit margins.

Petrocor International currently has manufacturing licensees operating in the following regions:

- Free State
- Eastern Cape / Western Cape

- North West
- KwaZulu-Natal
- Namibia
- Tanzania
- Democratic Republic of Congo
- Zimbabwe

Mpumalanga is also listed under Petrocor International.

LICENCE AGREEMENT & SUPPORT

- Exclusive manufacturing and marketing rights within the allocated province or region.
- Licence agreements are valid for an initial 10-year period.
- Free renewal for a further 10 years, subject to performance.
- Support and assistance will be provided to the purchaser.
- Petrocor International will be responsible for preparing the purchase agreement and licence contract.
- Factory viewing and further details regarding the product and manufacturing process can be discussed during negotiations.

OPERATIONAL REQUIREMENTS

The manufacturing operation requires relatively limited space, approximately the size of a single garage, with access to electricity and water.

This presents an opportunity for an entrepreneur or established business looking to enter the manufacturing and automotive supply sector without requiring extensive premises.
