About the Business:

Boutique Fitness Studio

Turn your passion for fitness and wellness into your own Cape Town Business.

Imagine owning an established, fully equipped, unique boutique fitness studio just moments from Cape Town's iconic promenade, where an active lifestyle and wellness are already part of the neighbourhood.

This is far more than a sale of fitness equipment. The fully equipped boutique fitness studio offers the owner recurring income. The owner has established the foundations of a modern wellness concept, including a recognised brand name, an existing social media presence and, importantly, an established client base.

With its desirable location, established identity, fully equipped premises and valuable client base, the studio presents a compelling opportunity to acquire a lifestyle business in Cape Town's growing wellness market.

Serious enquiries are invited from prospective buyers seeking a distinctive, established business with exciting potential for its next phase of growth.

This fully equipped boutique fitness studio lets a new owner step into an existing business rather than starting from zero.

An established brand, social media presence, and existing client list provide a strong foundation to build on.

The hard work of establishing the platform has already begun. What it needs now is an energetic new owner with the vision to unlock its next phase of growth.

Walk in, take over and build on what is already there!
