Products and Services

The heart of the TAB offering is our business-owner peer advisory boards. In a candid and confidential setting, entrepreneurs & business owners from non-competing companies in diverse industries meet monthly to discuss the opportunities, challenges, and issues they each face in their businesses and markets. These business owners, whom we refer to as Board Members, gather the collective experience of their peers around the table to explore possibilities for increased productivity and profitability. Being among peers also means that Members hold each other accountable for their commitments and execution of strategies. In addition to the peer boards, we meet monthly with each Member in a private coaching meeting to laser focus on their business goals, thereby enhancing planning, execution, and accountability in a structured manner. Our proprietary Business Builder's Blueprint™ is an online system that provides our Members unrestricted access to their business' operating rhythm, 24/7. The Alternative Board helps Members run their businesses more strategically and this leads more fulfilling lives, which is what our Franchise Opportunity is all about.

THE ALTERNATIVE BOARD believes that our approach to, and tools offered to private businesses owners, provides them with the QUAD-FECTA of support to run their businesses. The four main pillars of our QUAD-FECTA are:

- PEER ADVISORY BOARDS

Monthly confidential meeting of non-competitive business owners to discuss real-life opportunities, challenges and topics that will individually enable each member to strategically run their business.

- PRIVATE COACHING

Monthly private coaching meetings, where we guide business owners on planning and running their businesses towards achieving their personal and company goals.

- PROPRIETARY SOFTWARE & TOOLS

TAB has developed the Business Builder's Blueprint™ as an exclusive online system – an entrepreneurial MRI. It not only helps plan the business but monitors progress on execution thereof on ongoing basis. Additionally, within the Blueprint, TAB Connect links each of our Members to more than 4,000 other business owners globally to access their inputs on specific topics that our members individually may experience.

- STRATPRO™

StratPro is TAB's strategic business transformation process for owners and their management teams. This is where strategy meets productivity. StratPro consists of multiple workshops and planning session, exclusive to the leadership team of a business. Through StratPro we align the vision, communication, planning and execution of business strategy, thereby aligning the management team to work towards a common goal and leading the business to improved productivity and greater profitability.

Further to our QUAD-FECTA, TAB gives business owners access to Strategic Consulting, Training and Professional Networking.

TAB Franchise Owners advises business owners beyond coaching; we clarify their personal visions and align their businesses to achieve those goals. We change the operating rhythm of the business.

Additionally, our average client retention is 4.9 years which significantly underlines the value added to the lives of these business owners and their companies.

Together with a TAB Franchise Owner's initial training, we guide them through their marketing planning, using our Integrated Member Acquisition Programme ("IMAP") whereby we help them craft their marketing strategy for success. This is monitored monthly for at least the first 12 months to ensure our new Franchise Owners remain dedicated to their own planning and success. In addition, TAB requires our Franchise Owners to participate in their own peer boards as well as encourage them to attend a multitude of webinars and community calls where international best practice is shared amongst our more than 400 global TAB Franchise Owners.
