for sale

Date: **2nd April 2025**

Business Reference: **BFS10775**

About the Business:

Stainless Steel Product Design and Manufacturing

Looking to take on a thriving full-service repairs and maintenance business specializing in new and second-hand equipment along with automation of machinery for the industry focusing on stainless steel products?

Seize the opportunity to own a well-established stainless steel product design and manufacturing business with a team of dedicated field technicians ready to meet clients' technical needs.

This business for sale has built a strong reputation for delivering exceptional service, ensuring customer satisfaction, and providing top-notch solutions.

With a loyal customer base, a steady stream of referrals, and a diverse range of services, this business is primed for continued growth and success for a new owner.

Key Features:

- Experienced and skilled field technicians
- Wide range of repair and maintenance services
- Strong client relationships and repeat business
- Established reputation for quality and reliability

The owners value the importance of a meaningful long-term client relationship supported by established fully skilled staff. The large client base proves the success of this holistic project management approach, and this business continues to be the preferred supplier of many companies.

This is an ideal investment for an owner to expand their portfolio or for individuals seeking a profitable venture in the support of entrepreneurs in the food, beverage, pharmaceutical, and allied industries.

All equipment essential to operate the business is included in the price.
The asking price excludes VAT and stock of ± R 250,000.
