Strengths?

- Recession proof
- Skilled & experienced teams
- Wide range of plumbing services offered
- Strong relationship with suppliers
- Positive word of mouth referrals
- Well established relationship with clients
- Known for Quality over quantity
- Constant flow of income
- Reputation is high, ranked #1 on Google
- Special supplier costings
- Special attention to details - exceeding expectations

Weaknesses?

- Limit marketing budget
- Reliance on local client bases
- Limited online presence
- Insufficient staff during peak demands

Opportunities?

- Expand with more teams
- Drain Team / Maintenance Team/ Insurance Team
- Maintenance contracts for drains can be drawn up (hotels/guest houses/restaurants)
- Consider to add an electrical team (domestic only) as this can generate further profits to the business and open the company to a new field of growth like solar
- Inferior plumbing parts and components are used by building contractors --- this increase the relevance and need for quality plumbers in the market place !

Threats?

- Price increase on materials - there has been a large rise on materials which impacts the overall price to clients which can result in losing clients
- Quitter months months in the trade are unavoidable

What is the reason for the sale?

This trade has a lot of time constrains on the seller with a young family - they are considering relocation and possible emigration
