Business Report

Background and History

This business started from humble beginnings in 2008 by the 2 existing owners, to where the business is today ie in their own building with qualified experienced staff some of which have been with the business from the start

Due to their excellent quality of food stuffs they supply some of the well known supermarket chains in SA, and they just obtained some contracts to supply medical clinics

Products and Services

They mainly supply pre-prepared take-away packaged food, to national supermarket groups and convenience stores- for the client that need a "meal on the run"

Assets

This assets of the business also includes a building which is situated in a industrial area and the building is well maintained

The equipment is well maintained and the equipment must comply to all the relevant health and safety regulations including all the rules of their corporate clients

Employees

Financials and Forecasts

The basic financial information is as follows

Selling price R8,7 million including a building of which the valuation is over R3,5 million

Average turnover- R7,5 million per annum

Gross profit- 50%

NP (EBITDA)- R1,7 million per annum

Reason for Sale

Both the owners are retiring but are prepared to assist the buyer for an agreed period

Conclusion

The potential to substantially grow the business is huge ie the medical industry, add on new supermarket groups and convenience stores, health and wellness industry etc
