Staff lead activities, including puppet shows, and the venue includes a cafe for parents.

## What Advertising/Marketing is carried out?

The Franchisor assists with broader marketing campaigns, but the branch has their own Instagram page where they run promos and additional marketing activity specific to the branch.

## Strengths?

Unique imaginative role-play environment where a creative "village" setup with mini-shops, play kitchens, salons, fire trucks and more is offered.  
Children are introduced to puppets, and involved in playful storytelling, providing engaging guided play.  
Parents can relax and enjoy coffee/snacks and even get some work done using free Wi-Fi, while supervising from the Cafe area.  
Flexible booking options: open play mid-week, structured peak times on weekends, plus offerings for school groups and private parties.  
Suitable for toddlers to early school age.  
Reviews describe it as 'amazing playing experience' and 'delightful kids fantasy play area' with 'great coffee for parents'  
Well trained and knowledgeable team.

## Weaknesses?

Limited walk-in capacity during peak times.

Weekends require online booking to avoid disappointment; walk ins aren't guaranteed a spot.

Space and group size limitations for parties, party bookings are limited to 20-30 children, which may not suit larger birthday groups.

No drop and go facility - parents or caretaker must stay with children.

## Opportunities?

Host weekday pop-up themed play sessions (in progress)

Pop up or special sessions, particularly for toddlers or themed events during the week, could attract more bookings (in progress)

Expand merchandise (play sets) offerings to sell.

Partner with local schools for educational weekday school visits, including puppet shows and curriculum-aligned themes.

Promote birthday party packages creatively. Enhancements like decor theme options, party add-ons, or exclusive use could increase interest in events.

Offer loyalty or discount packages, discounted multi-session bundles or sibling/family deals could appeal to regular visitors (In progress)

## Threats?

Competition from other indoor play venues.

Economic sensitivity and pricing pressure.

No secure parking - parking only available on Main Road or side streets

Seasonal fluctuations - during school holidays or peak seasons, competition for bookings is higher. Capacity constraints could lead to lost bookings if not managed.

## What is the reason for the sale?

Owner is selling due to personal reasons.

## Strengths?

Unique in the area and opportunity to capitalise on the families living in small apartments with no where to take their children.

Collaborations already set up with various stakeholders (Messy Play Workshops, Flower arranging).

## Weaknesses?

No outside area.

## Opportunities?

Push Instagram; Tik Tok. Most customers are through Instagram and there is opportunity to do more focused advertising.

Opportunity to approach the hotels in the surrounding area to get into the tourist industry.

Opportunity to push school visits.

Opportunity to push influencer events monthly.

## Threats?

Similar competition in various areas – need to monitor what they do continuously to determine how we can create a more attractive offering for our customers.
