Business Report

Background and History

NEW Franchise for sale in the marketing and advertising industry.

The franchise model is designed to be a work-from-home opportunity with low overheads and fantastic return.

The franchisee will sell advertisements to the small businesses in their area.

The franchise utilises large format LCD screens placed in reception areas of doctors' consulting rooms where a captive audience can be exposed to a continuous stream of selected advertising material.

Patients typically wait idly for long periods of time, usually more than 40 minutes in doctors' waiting rooms. Advertising slots are 20 seconds each and are screened in cycles of 20 minutes, which gives the advertiser exposure to his services or products at least twice every 40 minutes.

Products and Services

The franchisee will sell advertisements to the small businesses in their area. These adverts will be shown in selected Doctor waiting rooms.

Adverts are viewed by a captive audience, which means the ad slots are very easy to sell.

Training and Head Office Support

The Franchisor provides a 3-day training course which includes, identifying potential clients, contracts, On-site presentation, Finalising payment and advert upload at all the premises, after-sales service and client follow-up regarding advert updates and contract renewals.
