Business Report

Background and History

The company needs a capital investment to manufacture agricultural equipment/products for which there is a dire need in SA and which is not readily available

The idea thus is that this equipment be manufactured and supplied to the large players in the agricultural field in SA/Namibia/Botswana etc on a consignment basis- the equipment will remain the property of the investor until sold

The profit on this equipment differs between 25-30% and includes inter alia feeding systems/conveyor equipment/tipping trailers/multifunctional short turn table carts etc

The company at this stage has 3 directors/shareholders with shares as follows-

Main shareholder 72%

Investor- 20%

Investor- 3%

The investor now required will get a 36% share from the main shareholder and the main shareholder will then also have 36%

The company has huge presentation on social media including Facebook, Instagram, LinkedIn and also a website

Products and Services

Manufacturing of agricultural equipment

Financials and Forecasts
