About the Business:

## Solar Power Installation Business – Watts Up Solar for Sale

---

Are you looking to dive into the solar industry? Here's your chance to own the brand name Watts Up Solar, a solar installation business ready for immediate operation!

## Key Features:

**Brand name:** The name "Watts Up Solar" is registered and ready for use..

**Fully Functional Website:** Our complete website including enquiry form will attract online presence and attract new customers. Visit us at [www.wattsupsolar.africa](http://www.wattsupsolar.africa).

**Marketing Materials:** Hit the ground running with 10,000 flyers / pamphlets already printed to showcase your services and generate leads.

**Mobile Equipment:** Includes a closed-body trailer (4.0m x 2.0m x 2.1m) valued at R70,000—perfect for transporting gear and setting up installations efficiently!

**Installation Team:** Utilise our skilled installation team on an ad hoc basis or hire them permanently as needed. The installation supervisor has the following professional credentials:

1) National Certificate Levels 2 & 3 in Electrical Infrastructure and Construction

2) NC(V) L3 in Renewable Energy Technologies

3) PV Green Card (SAPVIA - South African Photovoltaic Industry Association)

This will ensure quality workmanship and professional installations

**Registered Suppliers:** Benefit from established and reputable suppliers for all solar equipment and electrical components.. This would include Inverters, Solar PV panels, Batteries, Protection Equipment, Rails & Brackets, Cabling, Circuit Breakers, Conduits etc.

## Why Invest in Watts Up Solar?

**No Turnover/Profit Currently:** The installation team have successfully installed many solar systems over the past 5 years in residential homes, business premises and shopping centres around the country. This is your opportunity to bring your entrepreneurial spirit, source your customers, get those solar or backup systems installed and generate profits.

**Solar Market Opportunity:** The renewable energy market is here to stay as the cost of electricity increases and the grid remains unstable. You will also make a positive impact on the environment.

Don't miss out on this opportunity to own a solar power installation business!
