About the Business:

**Want to become part of the health/wellness industry in SA**

---

With Covid a new awareness was created amongst people to have a relook at their life styles and adopt their daily activities to a more healthy approach.

This business functions in the private healthcare/occupational wellness sector -it is privately owned positioned at the intersection of occupational health/compliance medicine/preventative wellness services for the corporate market.

The company offers both in-clinic and mobile unit services, catering to clients in industrial sectors with regulatory health requirements

Following successful licensing, infrastructure setup, and initial onboarding of clients, the business now seeks R1,5 million for operational capital- these funds will be utilized to fund staffing, equipment and contract execution.

This investment will enable the business to unlock over 10,000 contracted lives, generating monthly recurring income and positioning itself for a national chain

The first contracts are secured but being paused pending capital to proceed with the business

The management team is in place with possible expansion over 3 funding cycles
