Private School WCED Registered for Immediate Profit Maximization

Private Independent School – Urgent 10% Investment Opportunity

An exciting opportunity exists to acquire a 10% shareholding in a growing private independent school for

R1,500,000.

The school is fully operational and manager-run, with automated systems across academics, finance, sales, marketing, administration, student, parent, and teacher management. This ensures efficiency, transparency, and scalability.

We are urgently seeking a strategic investor to support our 2026 expansion and upgrades, which include:

Accreditation of Umalusi CAPS and Cambridge International pathways

Establishment of a cutting-edge Artificial Intelligence & Robotics Lab

Strengthened global positioning through multiple matric qualification routes

With student numbers set to increase and enhanced academic offerings, the school is well-positioned to become highly profitable in the short to medium term.

The investment is secure, as the business is professionally managed by the founder with 30 years' experience in private education.

This is a rare chance to enter the education sector at a pivotal moment, with strong growth potential and first-investor preference.
