# Business Report

## Background and History

Reflecto Signs (East London) has been operational for the last 23 years, 18 years of which was successfully concentrated on Commercial Signage. Seven years ago, because of BEE etc., we adjusted to the changing market needs. By shifting our emphasis to Industrial Signage, we secured our relevancy in the changing business environment. This move highlighted the need in the Rural Areas for our kind of manufacturing and services (see financial statements enclosed).
