About the Business:

Essential Water Supply Business, a High-Demand Turnkey Opportunity in Gqeberha

This Business is a well-established water purification and refill station strategically located in a busy location in Gqeberha. In a region where consistent access to high-quality, purified drinking water is a top priority for residents and businesses alike, this business offers a vital service with a loyal, recurring

customer base.

Boasting a "turnkey" setup with state-of-the-art filtration technology, this water business is perfectly positioned for an entrepreneur looking to step into a profitable, recession-proof industry.

Key Business Highlights

- **Prime Location:** Situated with high foot traffic and easy "stop-and-drop" access for bottle refills.
- **Proven Assets:** Includes a fully operational. Reverse Osmosis (RO) and UV sterilization plant.
- **Diverse Revenue Streams:** Income is generated through walk-in refills, sales of pre-filled 5L/20L containers, and customized corporate branding/home delivery.
- **Low Operating Costs:** Streamlined systems allow for minimal staffing requirements and high profit margins on every liter sold.
- **Growth Potential:** Opportunity to expand into water cooler rentals, ice production, or bulk delivery contracts for local schools and offices.

The current owner is looking to pursue other interests, offering a smooth handover period to ensure the new owner is fully trained on the purification systems and daily operations.

Due to Gqeberha's fluctuating water quality, the demand for purified water has never been higher.

Do not miss out on this profitable business that is recession proof. Call Lee Caldecott today for further information.
