About the Business:

Industry Specific Skills Training Centre

Do you have a passion for or previous experience in the skills development training industry? This industry-specific skills training centre is a great opportunity to enter this market.

On offer is 100% shares in this well-established and renowned training facility in South Africa.

You can now acquire this duly accredited and compliant specialised training facility established in 2007. This well-established business for sale offers a service that fulfils industry-specific training needs. They provide employees and trainees with the highest quality and most cost-effective education & skills training to introduce and equip them for the air conditioning and refrigeration industry.

There is a high demand for qualified technical skilled employees, skilled and unskilled, in South Africa, especially in this industry. This company has established itself as the preferred service provider amongst various corporate companies.

This industry-specific skills training centre aims to address the necessary interventions for performance improvement and profitability in the market. By training unskilled individuals, they enhance their abilities to comply with the standards & qualifications registered on the NQF certification programs.

This one-stop training centre was explicitly developed to train unskilled individuals, technicians, and apprentices in the air-conditioning & refrigeration trade. Learners who have completed the training successfully will be equipped with the necessary knowledge and practical skills to function effectively in the air-conditioning and refrigeration field.

The training centre is fully accredited by all the relevant authorities, including MERSETA.

The facility also assists with post-training performance improvement for current businesses, locally and internationally.

The asking price excludes VAT. Assets and fixed property to the value of ± R5.5m are included.
