Business Report

How long has the business been established?

Founded in 2009, the Franchise is an established South African re-seller and installer of premium blinds, shutters, awnings, and outdoor roofing solutions. We opened our first franchise in 2010 and today operate 29 branches nationwide — a 16-year franchising track record.

How long has the owner had the business?

17 Years.

What is the Franchise opportunity about?

The Franchise markets, sells, and installs high-quality blinds, shutters, and awnings to residential and commercial customers. You step into a proven model backed by established supplier partnerships and a national footprint — not a start-from-scratch venture.

Our products are high-quality, our service is personal, and our model works.

How long has the Franchise group been established for?

16 Years.

How many existing franchisees are there in the group and for how long have they been operating?

29 franchised branches, with 25 owners, ranging from 1 year to 10 years.

In which provinces/ areas are the existing franchisees located in?

Gauteng, North West, Free State, Mpumalanga, Limpopo, KZN, Western Cape.

What is the success of the current franchisees?

Our franchisees succeed by following a tried-and-tested system. The processes, supplier relationships, and marketing are already built — They follow the 'recipe' provided by the franchisor in procedures and guidance which are tried and tested and built to scale. The franchisees that followed are successful. No exceptions.

How does the business operate on a daily basis?

Leads are received from various sources such as digital marketing, referrals, and other marketing. Sale consultants visit potential customers to provide quotations, and generate leads by canvassing when not seeing customers.

Customer pays 70% deposit with acceptance of quote.

Sale consultants process orders.

The administrator places orders with various suppliers, follow-up on orders and give feedback to sale consultants and customers.

Stock is received and the administrator arranges installation with installation team and customer.

Installation team installs products.

Sale consultants handle follow-up calls and after-sale services.

The administrator captures all data on software systems.

How are the clients attracted to the business?

Via digital marketing, outside marketing, and canvassing. The digital marketing programme is set up at launch, so franchisees begin generating leads from the start rather than building an audience from scratch.

What Advertising/Marketing is carried out?

Digital marketing, canvassing, vehicle branding, mall exhibits, golf days, flyer handouts.

What competition exists?

The market includes other blinds and shutter retailers nationally. The franchise competes on brand recognition, product quality, and a structured sales-and-installation process that independents typically lack.

What are the seasonal trends?

Lower seasons during school holidays, long weekends, and mid December to mid January.

High season from September to November.

How is income derived?

Profit margin on sale of products.

What advertising and marketing is undertaken on a group basis and what is the individual franchisee expected to do?

The franchisee is expected to spend 3% of its budgeted sales target on digital marketing and pay the managing fee to the digital partner to manage this service. The franchisee may also implement other marketing initiatives, such as golf days, expos, mall exhibits etc.

Head Office does ad-hoc marketing campaigns at their own discretion, such as SA Home Owner, TV and radio advertising. They may require the franchisees to make a contribution towards these campaigns.

What percentage of the business is cash/credit?

100% cash.

How could the profitability of the business be improved?

Increased sales by either increasing the performance of current sale consultants or employ more sale consultants.

What is the total staff complement?

2-5 Employees, depending on size and age of business.

Operates in a growing market — SA window coverings forecast to grow around 6% per year through 2031.
Commercial opportunities and collaboration with architects and interior designers.
Rising demand for energy-efficient and solar-control solutions.
Expansion into outdoor shading, awnings, and security products.
Suitable for B-BBEE candidates.

Threats?

Cheaper competitors and imports.
Premium/luxury positioning makes demand sensitive to economic changes.
Price increases linked to external economic factors (exchange rates, input costs).

What is the reason for the sale?

New franchises - growing the national footprint.

Why is this a good business?

This Franchise lets you build on an established brand rather than start cold. Franchisees receive: a recognised national brand; proven operating systems; hands-on training and ongoing support; access to a trusted supplier network; ready-made tools, templates, and processes; and a managed digital marketing programme that drives leads.

If you follow the lead you will be successful. The Franchisor strives for the Franchisee to be successful and thereby secures the success of the group as a whole and his own.

How are Projected turnovers and profits calculated?

We base our projections on actual figures from the group stats, taking into consideration sales capacity, actual expenses that we get from the franchisees' budget vs actual reports, and their service provider agreements.

The figures used is based on year one since opening. The projected turnover for year one is R 4 700 000 with a 9% nett profit to sales. The projected turnover for year two is R8 200 000 with an 11% nett profit to sales. Positive cash flow is projected from month two onwards. This does not include directors remuneration.

Detailed information on the projected figures is available for serious buyers.
