About the Business:

## **Units for sale in an office block in a fast growing town in the southern suburbs**

---

This quant town is known for its quiet, village-like atmosphere, tree-lined streets, and historic thatched roof houses. It is highly central and conveniently situated within a 15-minute drive of the major city hubs and the airport

The town also houses various conveniently placed shopping centres and office blocks. The popularity of these office blocks have increased % wise more than other areas due to its well kept infrastructure and road works- companies have moved out of the CBD of Cape Town due to various reasons and invested in their own offices where they can have an increase in value on their investment

The average price for offices in this town is around R13,75 million, with an average square meter price of R14,124

This specific offering is now for 3 units in a well maintained office block, with square meters of 527

The rest of the office block is occupied by professional organizations and long term tenants

These specific 3 units have got new renovation plans for the inside to accommodate conferences/webinars etc
